❖ OBJECTIVES & CORE VALUES

- Results-driven software developer with expertise in Python (Django DRF) and C# (.NET Core).
- Skilled in designing and implementing scalable, robust RESTful APIs with a strong focus on performance optimization and system reliability.
- Dedicated to delivering high-quality, scalable solutions.
- Advocate for teamwork and collaboration to achieve project success.
- Proactive in learning and adopting innovative technologies to drive software excellence.
- 1 years of experience optimising system performance at Devengine Technology Company, located in Lagos, Nigeria.
- Expertise in creating scalable and maintainable code.
- Development of innovative web and mobile software solutions.
- Deep understanding of best practices in software development.
- Committed to developing high-quality solutions.
- Valuing teamwork and fostering collaborative environments to achieve common goals
- Embracing creativity and innovation to drive positive change and solutions.

EDUCATION	DATE
- Ajayi Polytechnic ikere-ekiti - Ikere-Ekiti, Ekiti State, Nigeria.	(2017-2023)
- Ansarul Islam School - Ihima Kogi State, Nigeria.	(2016-2017)
- Adegbola Memorial Grammar School - Akure Ondo State, Nigeria.	(2011-2016)
- Omotayo Nur/Pry school - Akure Ondo State, Nigeria.	(2005-2011)

QUALIFICATION	DATE
HND, Computer Science (GPA 3.8)	2023.
OND, Computer Engineering (GPA 3.4),	2021.
SSCE (WAEC)	2016.

TRAINING & WORK EXPERIENCE	
Platform Officer at FCMB - Maintain the smooth operation of the online platform.	(2020-2021)
Portal Administrator at British Transatlantic Polytechnic Akure. - Maintain the smooth operation of the online platform.	(2023-2024) :

- Manage user accounts and permissions.
- Organise and publish announcements, news updates, calendars, and academic resources.
- Customise the portal's layout, design, and features.
- Provide training and technical support to students.
- Ensure data security and integrity.

- **Software Developer at DevEngine Tech (Virtually) 2023-2024 :**

- Designing, coding, and testing software applications.
- Collaborating with other members of the development team to brainstorm solutions and solve technical challenges.
- Using Django RestFul APIs to create innovative web and mobile software solution
- Participating in the full software development lifecycle, from requirements gathering to deployment and maintenance.
- Writing clean, efficient, and maintainable code following best practices and coding standards.
- Conducting code reviews to ensure code quality and adherence to project requirements.
- Debugging and troubleshooting issues reported by users or discovered during testing.

- **Junior Software Engineering at FairMoney (Virtually) 2024 - Till Date:**

- Designed, implemented, and maintained RESTful APIs using C# and .NET Core to support various functionalities and integrations within the FairMoney platform.
- Worked closely with front-end developers, product managers, and QA engineers to ensure seamless integration of APIs and deliver high-quality software solutions.
- Engaged in code review processes to ensure code quality, adherence to best practices, and consistency across the development team.
- Actively pursued opportunities for learning and professional growth, staying updated with emerging technologies and best practices in software development.
- Created and maintained documentation for APIs, including usage instructions and technical specifications, to support developers and ensure clear communication of system features.

PROJECTS WORKED ON

- Polytechnic Result Checker Web Based App
- House Hunt App.
- Artisan App.
- Church Web Site.
- Static Advertising Website e.t.c.

□ N.B: Source Codes are all in my GitHub Repository @ <https://github.com/itopa1999/>.

TECHNICAL SKILLS

- **Programming Languages:** Python, C#
- **Frameworks:** Django, .NET Core
- **Database Management:** SQLite, SQL PostgreSQL
- **Version Control:** Git, GitHub
- **Development Tools:** Docker
- **Web Development:** RESTful APIs, HTML/CSS/JavaScript

AWARDS

- The Overall best graduating student in Ajayi Polytechnic Computer science (HND), 2022/2023 set.
- The best graduating Student in the school of Computer science (HND), 2022/2023 set.
- The best graduating Student in the Departmental computer science (HND), 2022/2023 set.
